Danube-INCO.NET
Advancing Research and Innovation
in the Danube Region

Main goal and tasks

To support the implementation of the
EU Strategy for the Danube region

- ✓ **To support** the policy dialogue in the Danube Region - “Innovation Union of the Europe 2020 Strategy”, European Research Area (ERA)
- ✓ **To improve** the response to the most relevant societal challenges in the region (i.e. energy /bio-economy)
- ✓ **To provide** analytical evidence for research and innovation (R&I) policy making in the region
- ✓ **To launch** concrete actions to promote smart specialization, technology transfer and innovative projects
- ✓ **To support** (innovative) coordination of funding mechanisms
- ✓ **To provide** a sound and efficient communication platform

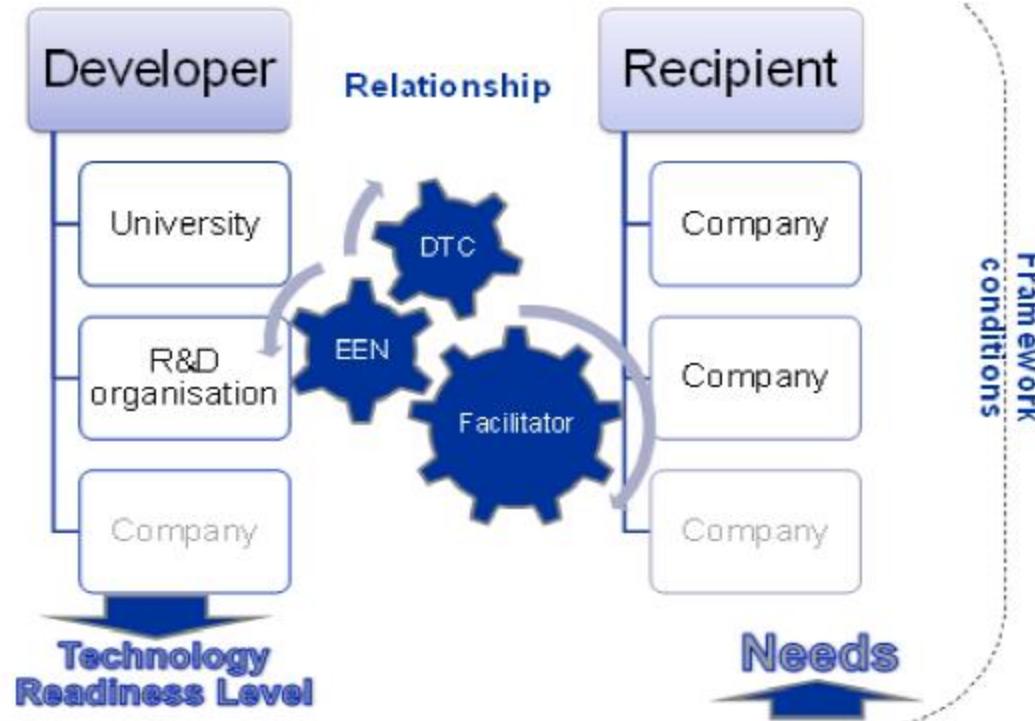

Danube Transfer Centres - DTC

Danube-INCO.NET

- European Union Strategy for the Danube Region (EUSDR): to boost the development of the Danube Region
- PA 8 focuses in particular on the promotion of the region's competitiveness

Danube Transfer Centres - DTC

Danube Transfer Centres - DTC

DTCs have three main priorities:

- First of all, they try ***to support the competitiveness of companies*** through new product development in collaboration with universities and/or Research & Development (R&D) organizations. They are organized as “one-stop-shops” mainly for small and medium sized enterprises (SMEs) with regard to I&TT and installed mainly at universities and research organizations and will have one common approach and strategy.
- Secondly, DTCs intend ***to promote the cooperation between universities and companies*** in Danube region by bridging the gap between research and innovation. Their mission is to link industry and research.
- Finally, they try ***to foster the knowledge exchange at Danube level*** in an inter-regional network. DTCs can be regional hosts for common projects regarding I&TT. They can coordinate and create synergies and links between existing TT activities in the Danube area and build a transnational network of TT centres in order to ensure the involvement of international experts at any stage.

DTC – Ruse

Triggering meeting

Ruse, 26-27 February 2015

DTC – Ruse

Seminar “LEAN management in production”

June 24, 2015

Focus: applying new management techniques in production companies for improving inventory system, capacity usage, process and operational management.

Innovative Youth Expo

May 13, 2016

Focus: to encourage young people to create and implement innovative ideas with the support of academia, business and the society.

DTC – Ruse

**March 20,
2017**

**Seminar “URBAN MEETING FOR DEVELOPMENT OF THE
ENTREPRENEURIAL ENVIRONMENT”**
Together with Ministry of Economics

Focus: to stimulate a constructive dialogue between the institutions and the entrepreneurial community in order to highlight potential opportunities for development of the economic environment in Ruse and the region.

DTC – Ruse

**April 26,
2017**

Seminar "#investEU"

Together with Foundation "European institute" and Bloomberg TV

Focus: to contribute to the development of an objective and an accessible information environment in Bulgaria on the Juncker Plan and the EU actions to promote job creation, growth and investments.

Innovative Youth Expo – 2nd edition

May 12, 2017

Focus: to encourage young people to create and implement innovative ideas with the support of academia, business and the society.

DTC – Ruse

**June 24-25,
2017**

Roundtable “Priorities of Regional Development and Education in the Context of the European Strategy for the Danube Region”

Focus: The Research and Innovation Strategy of the University of Ruse Angel Kanchev and interaction with the regional administrations from Northern Bulgaria

DTC – Ruse

**August 31,
2017**

Seminar “Risk management in large scale infrastructure
objects in the CBC region Bulgaria – Romania”

Visit at NPP “Kozloduy”

Focus: Prevention and communication strategies

DTC – Ruse

October 29,
2017

Seminar “Edit on the road”
Together with MOVE.BG, Google, Startup Factory

Focus: to support the development of the technological and digitize the traditional business in the country

DTC – Ruse

Financial indicators

Investment for adopting the DTC concept:

54 491 Euro by the Danube-INCO.NET project

Annual turnover:

approx. 510 000 Euro (2016)

From:

- ❖ Scientific research fund (ФНИ)
- ❖ EU-funded projects: FP7, H2020, Erasmus+, Security, COST, others.
- ❖ National projects: Operational programmes
- ❖ Industry projects: business contracts
- ❖ Public projects: municipal and regional bodies.
